Local Social Enterprise

Fair Repairs

- A repairs and maintenance business established to give social housing residents work in their local area.
- Fair Business partnered with Housing NSW and Spotless to set up Fair Repairs
- Spotless holds facilities management contracts for Housing NSW properties. Contracts contain “social procurement” clauses which require work to be carried out by public housing residents. Fair Repairs hires residents and sub contracts to Spotless to carry out work in the local area.

Harry Moreton Park City Farm

- Harry Moreton Park is 42 hectares of mostly crown land on which we are building a commercial flower farm, a food collection and composting business and a wood fired bakery and café.
- We also aim to have an offsite organic food growing business supplying local organic produce directly into local food business.

What is needed.....

▶ A Regional Social Enterprise Development Strategy

Which includes:

- ▶ Access to seed capital funding
- ▶ Access to Business Expertise
- ▶ Changes to Social Policy and support of government
- ▶ Buy our produce, call on our temps and give work to our repairers when you can.
